Soaring Heights PTO works closely with the school administration and staff to develop and implement educational enrichment opportunities that benefit every student at our school. The PTO raises funds through various fundraising and sponsorship opportunities to fund technology refreshment every three years, offer \$150 to every teacher for items they need in their classrooms, invite grant applications for larger items like our playground and stage equipment, and offer funding for general school enrichment wherever it is needed. Visit their table tonight for more information on how you can get involved. There are also chances to win a raffle prize!
